Welcome to Aktriana

The journey of Aktriana begins with the visionary endeavor by Prof. (Dr.) Pratip K. Debnath an eminent Ayurveda Scientist & Physician of international acclaim. His vision was to provide effective and affordable healthcare for ordinary people in far-flung villages who had limited access to proper healthcare. He hailed from a traditional Ayurveda Vaidya Parampara at Nalhati, Birbhum to a household name that at once will bring to mind trust and reliability.
