Welcome To Dr. Mums

Dr mums is counted amongst top notch companies of Indian pharmaceuticals. We have initiated to improve health conditions of the people.Several therapeutic products like Tablets, Capsules, Syrups, Dry-Syrups, Ayurvedic, Ointment, Paediatric-Drops, Injections, Soft-Gel are there in range of our products. There are several dangerous infections, which needed to be treated immediately and our health professionals are working and researching upon it. We have proved our excellence in fighting with fierce diseases and infections since long and are still waging a war against the critical diseases to be dealt with. We believe and consider this, and are aware that there is always a gap in achievement and perfection and complete perfection is never ending pursuit and can never be achieved at some point or another. Dr mums manufactures Pharmaceutical Paediatric drops as per the defined standards and ensures better health of patients by fighting against different infectious diseases. We are a leading Pharma Company in India which provides proper quality health care Products.
