Welcome to Atom pharma

Atom pharma is ISO 9001:2015 integrated, fastest growing and reputed Pharmaceutical bulk drugs [API] and pharmaceutical Intermediates exporting company. We have the industry's broadest portfolio of more than 80 high quality API (active pharmaceutical ingredient) products, and more than 50 pharmaceutical intermediate. We offer the best APIs to our customers and have satisfied customers in over 20 countries. We ensure that our partners have the approved EUGMP, cGMP, USFDA, GMP, Halal-Kosher, Korea FDA along with the documentation and systems that are required for a regulated market. This makes Atom pharma a reliable source for an extensive range of pharmaceutical ingredients to meet the needs of the International pharmaceutical industry. the Company has been supporting several domestic and international customers with USDMF, EDMF, Canadian DMF, TDMF, KDMF, JDMF, COS, COPP, Tech Pack etc. with respect to regulatory, non-regulatory and semi-regulatory markets.
