Welcome To Elaine Meditec Pvt Ltd

Incepted in 2002, we “Daxal Cosmetics Private Limited” are renowned organization engaged in manufacturing, trading, importing and exportingand wide range of Facial Kits, Face Wash, Hair Care, Tooth Paste and Skin Care. Located in Ahmedabad (Gujarat, India), we are supported by ultra-modern infrastructural unit that is supervised under the direction of our skilled professionals. Our infrastructure is segregated into several sections such as procurement, processing, quality testing, research and development, warehouse and sales & marketing. We timely check and upgrade our infrastructural unit in order to carry out easy production process. With the help of our state-of-the-art infrastructural unit, we are able to provide superior quality health care products. These health care products are precisely checked against several quality parameters and are available in several packaging options to cater the variegated demands of our clients. Under the supervision of our experts, the offered health care products are processed using natural herbs and skin friendly chemical compounds in synchronization with the set industry standards. The offered health care products are highly acknowledged among our valuable clients for their unique feature like skin friendly, long shelf life, hygienically processed, easy to apply, remove dirt, grease and dead skin cells, no side effects and good for skin. We have appointed a team of experts, who have rich knowledge and experience in the industry. Their industrial knowledge, dedication and business understanding makes us able to process the offered health care products as per the exact demands of clients. Our timely delivery, transparent dealings, customer centric approach and ethical business policy make us the best choice of our customers. Our exporting countries are USA, Russia & Dubai. Our trading brand

is Valinta.
