Welcome to Keryx Pharmaceuticals Pvt Ltd

Keryx Pharmaceuticals Pvt. Ltd. is a company with wide spectrum of products to cater to every medical specialty. We were registered in March 2007 with the vision to provide best healthcare worldwide and improve the quality of healthcare in India. We are a specialty pharmaceutical company, mainly engaged in third party manufacturing, supply, trading and distribution of quality products. Our brands are registered with the trade mark registry and are introduced only after the process completion to avoid any litigation in future. Our products are manufactured in the best manufacturing facility in cGMP manufacturing plants. We ensure that every product batch undergoes stringent quality tests before they reach the market place. Our products meet international quality as the API’s are procured from the best sources.
