Welcome to Meenax Pharma Pvt Ltd

Meenaxy Pharma Private Limited (MPPL), a reputed , customer focused company ,has been in the business of manufacturing pharmaceutical pellets/ capsules for over 20 years and has carved a niche in the field. We would like to take this opportunity to further emphasize on our company's new developments, merits and strengths. We are pleased to inform that MPPL is accredited with ISO 9001 : 2015 and WHO GMP certifications and the state-of - the - art manufacturing facility conforms to International Standards. We specialize in manufacturing of Non Pareil Seeds, Active Drug Coated (AC), Enteric Coated (EC), Sustained Release (SR), Delayed Release (DR), Time Release (TR) Extended Release (ER), Controlled Release (CR) Pellets and Blended Pellets of Vitamins, anti oxidants, anti ulcer products etc. These are ready to fill pellets , making capsule manufacturing a simple, one stage process. These pellets can be directly filled in to capsules (without the hassles of drug maxing , blending etc) and sold with your own brand names. With 5 independent processing modules for palletization/ capsule filling and for the specialized products, we are equipped with dedicative Quality Assurance (QA) and Quality Control (QC) Departments. The well qualified and experienced team of QA and QC Departments, ensures the quality parameters of products at every stage starting from raw materials to end products. Our products are of International Standards and custom made. Our prices are competitive /affordable and volume dependent. We regularly supply our products to leading pharma giants like GSK, Dr.Reddy's, Aurobindo along with several other well

known companies.
