Welcome to Sharangdhar

Our Company owes its name to Sharangdhar rushi, one of the Great Ayurvedic Pharmacologists, who for the first time in the history of Ayurveda set standards for the proper procedures and conditions for the preparation of traditional Ayurvedic medicines. Thus, we have been the pioneering ayurvedic medicine manufacturers by introducing Ayurved in a convenient yet effective form by blending modern manufacturing practices with the traditional knowledge and wisdom of Ayurved.Sharangdhar is one of India’s leading ayurvedic medicine manufacturers with its headquarters in Pune, one of India’s main centers for manufacturing and supplying specialty herbal products, as well as for providing Ayurvedic education.
