Welcome to SKYBIOTECH LIFE SCIENCES (P) Ltd.

Skybiotech Life Sciences (P) Ltd. is a young and emerging company engaged in manufacturing pharmaceutical formulations. The company is best known for its quality and innovative processes. It has a variety of high-quality pharmaceuticals and nutritional supplements for humans, as well as dietary formulations for human health and wellness. With the advance in new healthcare needs in society, Skybiotech has advanced innovations and scientific knowledge available to ensure safe, effective, and reliable formulations. Skybiotech Life Sciences has the unquenchable aspiration to enhance millions of lives with products that satisfy global standards of excellence. With world-class advanced manufacturing facilities and excellent infrastructure, the company prides itself on its strict quality control measures in line with current Good Manufacturing Practices (cGMP) and other international regulatory norms. The company's R&D team continues to invest time and energy to research and develop formulations that can address a wide array of therapeutic areas. Skybiotech Life Sciences stands out among companies in the area of customer centricity and emphasis of improving its offerings based on value to the clients and health care partners. The full-spectrum range of the product lines in this portfolio includes formulations for preventive healthcare applications, addressing nutritional deficiencies and therapeutic treatments. Skybiotech also prides itself on ethical practices by being firm on sustainability. This form is also an ecology-friendly operation in reaching the greater public goal of improving the health system of the globe.
