LIFE SCIENCE  
(A Division of LUMAIRE LABS PVT. LTD.)

## Who We Are

Abros Life Science, a skin care division of Lumaire Labs Pvt. Ltd. is a patient-focused, value-based, R&D-driven pharmaceutical company committed to bringing Better Health and a Brighter Future to people worldwide. Our passion and pursuit of potentially life-changing treatments for patients are deeply rooted in over past twenty years with our state of the art WHO – GMP complied manufactured facility at Paonta Shahib, Himachal Pradesh India.

## Vision

At , Abros (a division of Lumaire Labs Pvt. Ltd) we are relentless in our pursuit of scientific progress and in identifying unmet medical needs by monitoring the changes in healthcare from multiple perspectives. We are committed to the realization of greater value by patients and healthcare systems around the world. We achieve this by leveraging our strengths to create innovative new drugs and to find solutions that drive patient access to healthcare and better outcomes.

## Objective

Abros runs a health care business, starting with medicines. In the same way as a medical facility, we have a role in society to protect people's health and create a rich and healthy community. We also believe it is our responsibility to achieve production activities with the environment in mind, given the fact that we are a manufacturer that deals with production. Here we will explain about the role we must fulfill in society.

# Phonex Pharma

(A Division of LUMAIRE LABS PVT. LTD.)

## 👉 Who We Are

Phonex Pharma, a General Biomedicine division of Lumaire Labs Pvt. Ltd. is a patient-focused, value-based, R&D-driven pharmaceutical company committed to bringing Better Health and a Brighter Future to people worldwide. Our passion and pursuit of potentially life-changing treatments for patients are deeply rooted in over past twenty years with our state of the art WHO – GMP complied manufactured facility at Paonta Shahib, Himachal Pradesh India.

## 👉 Vision

At , Phonex Pharma (a division of Lumaire Labs Pvt. Ltd) we are relentless in our pursuit of scientific progress and in identifying unmet medical needs by monitoring the changes in healthcare from multiple perspectives. We are committed to the realization of greater value by patients and healthcare systems around the world. We achieve this by leveraging our strengths to create innovative new drugs and to find solutions that drive patient access to healthcare and to be a leading pharmaceutical company in India and to become a significant global player by providing high quality, affordable and innovative solutions in medicine and treatment

## 👉 Objective

Phonex Pharma runs a health care business, starting with medicines. In the same way as a medical facility, we have a role in society to protect people's health and create a rich and healthy community. We also believe it is our responsibility to achieve production activities with the environment in mind, given the fact that we are a manufacturer that deals with production. Here we will explain about the role we must fulfill in society.
