Welcome to A.A.A Fragrances

Innovation, eagerness to excel and our technical expertise ensured that we continue growing as top player of Fragrance &Flavour industry. Our three key products for which we are known throughout India are - Fragrances, Flavouring Agents and Aroma Chemicals. Development and upgrade of fragrance and flavors manufacturing facilities and inclusion of technical innovations in perfumery are two prime areas over which we allocate a major part of our budget. And for years it has paid off well in form of our ability to produce and deliver high quality scents and perfumery products to our clients Passion for excellence, strong work ethic and our superior product quality has helped us reach the helm of Fragrance and Flavouring industry in India.
