Welcome to Aark Pharmaceutical

Apex is among the few strong players in the pharmaceutical industry that has a commitment to the delivery of core life-saving medicines as well as medical devices. Under the purview of ISO 9001:2008, Apex deals in distribution and retailing of critical treatment as well anti-cancer or anti-HIV medications. Through a very strong presence across India, its offices include New Delhi, Lucknow, Varanasi, Chandigarh, and Kolkata, as well as plans for further expansion of this broad coverage. With its vast system of C&F operations throughout the country, the timely availability and delivery of medicines and medical supplies into some of the most health access-constrained areas in the country make a huge difference. It is a name much trusted by many in the pharmaceutical industry when it comes to its dedication to quality and patient care.
