Welcome to Abaris Healthcare

Success of Abaris Healthcare is founded on enlightened management, its team of hand-picked experts and last but not the least its manufacturing capability. Abaris Healthcare proudly boasts of owning one of the finest world class manufacturing facility in the pharmaceuticals segment in India. Vision of the management and eye to the future saw us make incremental investments in advanced equipment right from the start and then, as demand shot up, we easily scaled up production by adding machines that complement our existing lines.
