Welcome to Adhish Industries

Adhish Industries have been in the pharmaceutical business since more than two decades. We have been manufacturing and supplying water purifying chlorine tablets, nadcc (sodium dichloroisocyanurate) in tablets, polyfloc tablets, nadcc in granules & nadcc in powder forms and halazone tablets. We also make flocculation compound by the name of polyfloc to cure waste water. We are an iso certified company and we manufacture strictly according to gmp (good manufacturing practices) norms. We have an excellent track record of supplying to various government, semi government, defence and private institutions. During natural calamities like floods etc. We have supplied very promptly to ndrf also which air dropped our chlorine tablets. We have a capacity to manufacture about 20 lakh tablets per day per shift having a very dedicated and experienced team of workers. We strive hard to maintain our position in the market and outperform ourselves to give the best products and services to our clients.
