Welcome to Aesterix Pharma International

Aesterix Pharma International since 2016 has established itself as a leading pharmaceuticals company hailing from Aurangabad, Maharashtra. The company has two divisions: production and marketing of pharmaceuticals and personal care products such as pharmaceutical body lotions, hair-growth tablets, and pharmaceutical tablets for the treatment of various health-related ailments. Aesterix Pharma International brings excellence and innovation to the development and manufacture of all its products which completely adhere to stringent and very high quality standards as well as regulations pertaining to the industry. The company believes much in customer gratification and hence, it ensures world-class, effective, and trusted solutions for health and wellness. With advanced manufacture techniques and strenuous quality controls, it seeks to add immense value to the pharmaceutical industry. Aesterix Pharma International aims at enhancing lives with premium-grade products to meet contemporary health care needs; being market theatre, the product range tries to capture emerging trends that assure customers' trust and satisfaction. Continuous improvement and development characterize the company as true and dependable in the pharmaceutical world. Aesterix Pharma International would then realize its dream of improving the health of individuals significantly with great dealing in excellence and innovation, the impact it aims to create upon health and wellbeing of individuals.
