Welcome to Agron Remedies Pvt. Ltd.

Established in 1986 Agron Remedies Pvt. Ltd. started its operation as a Pharmaceutical Products manufacturing unit in Uttarakhand, when Pharmaceutical Industry was still a toddler in India. The manufacturing unit of Agron Remedies was set up at Kashipur, a beautiful and picturesque town of Uttarakhand. It is around 200KM from Delhi at National Highway No. 74. The Company is WHO-GMP Certified for all of its manufacturing section. The manufacturing operation is carried out under supervision of highly qualified technical staff. The unit has a covered area of 85000 S.F. and land area of one lakh S.F. Agron has a fully equipped ultra-modern laboratory with all the sophisticated equipment. Numbers of analytical chemists carry out the testing of products right from raw material stage to finished products. With a motto to provide “Cure Through Quality” Agron Remedies is committed to Quality. The company strictly adheres to all the quality parameters required and consider it integral to all work processes. Agron Remedies has a total computerized work environment from procurement to dispatch. This makes Agron Remedies an error free company. The company has in house quality checks that are carried out at different stages of production.
