Welcome to Ajmera Pharmaceutical Private Limited

Established in 1969 at Indore, Madhya Pradesh, Ajmera Pharmaceuticals Private Limited has come to be one of the major manufacturers and suppliers of Ayurvedic medicines and herbal products in India. The company believes in delivering high quality products at affordable prices. After being for around five decades in existence, Ajmera Pharmaceuticals has become a name synonymous with trust in the Ayurveda industry today. With all products in compliance with Good Manufacturing Practice (GMP) and ISO 9001:2008 certifications, the commitment of the company toward quality ensures that both India's customers and the international buyers enjoy the fact that products have gone through international standards. The company has been

engaged in formulation and manufacture of reliable and efficacious Ayurvedic medicines to meet various health needs. Such a wide experience in the field of Ayurveda has empowered them to intersect traditional knowledge with modern practices of manufacturing. The company succeeds as the most preferred provider of Ayurvedic and herbal products because of its quality and efficacy. Ajmera Pharmaceuticals believe and thrive for establishing excellence, helping all their customers, and propagating the wonder of nature healing through Ayurveda. Customers can testify and have put words as above about their museum approach of long-standing presence in the market. They are committed to natural and holistic healthcare solutions. Ajmera Pharmaceuticals directs its paths towards bringing the benefits of Ayurveda to wider audiences. The heritage that the company carries is also really valued and further, the company strives to maintain the principles of traditional Ayurvedic medicine.
