Welcome To Alves Healthcare

Alves Healthcare has a research oriented multi dosage manufacturing plant which is cGMP certified and WHO-GMP Geneva compliant. It is here that we produce an extensive gamut of formulations for prophylactic and therapeutic uses which includes Tablets, Capsules, Dry and liquid Injections, Suppositories, Liquid Orals, Dry Syrups, Sterile Eye Ointments, Dusting Powders, External Preparations, Gels, Ointments, Creams, Neutraceuticals and Wound Care Products. Thanks to our state-of-the-art R&D Laboratory and highly qualified, experienced and professional team of production and quality control, Alves Healthcare has developed and manufactured over 400 dosage forms of medicines in various therapeutic categories.
