Welcome To A. S. Martindale Lifescience

As a company, we are developing ourselves as an organisation and growing with pace of present market. We have established ourselves as a good competitor to our fellow pharmaceutical companies. We, “A.S.Martindale Lifescience Pvt. Ltd”, an ISO 9001:2008 certified organization engaged in manufacturing and marketing an optimum quality of Pharmaceutical and Health Care Products. We are Marketing, the Pharmaceutical Oral, Injectable, Syrup, and local applicable preparation for the benefit of human healthcare, including Antibiotic Tablets, Anti inflammatory, Analgesic, Nutritional Supplements, Anti-cough& Anti-cold Agents. The offered medicines and otherpharmaceutical products are processed by making use of quality assured ingredients sourced from authentic vendors of the industry to ensure these are able to stand tall on the expectations of patrons. While carrying out the processing process of offered medicines and other pharmaceutical products, we keep in mind the globally laid quality norms to ensure their peerless standards. Further, after the completion of the processing process, we make the offered medicines and other pharmaceutical products to pass athequality test to ensure these are correctly formulated, have accurate composition, longer shelf life, effective and non allergic in nature.
