Welcome to Auro Pharma

Auro Pharma, established in the year 1987 at Pondicherry, are manufacturers of herbal healthcare products including skin and hair care preparations, tonics and formulations for some internationally recognised ailments. Auro Pharma is founded by Prof. (Dr.) R.V.K. Rao and Prof. (Dr.) Mrs. Vimala Devi with the main motto of providing an alternative system of medicine with the help of natural resources to mitigate ill-health particularly with the ever increasing global awareness of the side-effects of the synthetic drugs. All the products, developed in the in-house R & D laboratory, are a harmonious blend of traditional natural ingredients with modern technology.
