Welcome to AVITA Laboratories Pvt. Ltd.

AVITA Laboratories Pvt. Ltd. is one of India's fastest growing, professionally managed, global pharmaceutical companies manufacturing a wide range of innovative specialty medicines for domestic and international markets. Its product portfolio consists of pharmaceutical specialties in various dosage forms, herbal remedies, diagnostics, generic drugs, active pharmaceutical ingredients (APIs). Some of the products within these categories enjoy leadership positions in the Indian markets. The Company is strategically focused on R&D and totally committed to respond promptly to market needs by developing quality products at affordable prices for the masses. With a strong base of 11 state-of-the-

art manufacturing units, the company has entered a dynamic phase of expansion into newer and faster growing therapeutic segments such as anti-diabetics, CNS and Respiratory.

AVITA Laboratories Pvt. Ltd. is a customer driven, financially sound company, consistently enhancing value for its shareholders by rewarding them with healthy dividends year after year. Headquartered in Mumbai.
