Bhrigu Pharma Pvt. Ltd.

It is said that 'journey of a thousand miles begins with a single step. That step was taken by Sh. J. K. Shashtri, a great Sanskrit Scholar when he founded Bhrigu Herbal Pvt. Ltd. with the dream of bringing in light the great knowledge enshrined in our Vedas so that the fruits of the hard work of our forefathers, the great scholars, the Rishis could be used for the well being of the society. The seeds sown 26 years back have grown into a large tree. We have built a strong manufacturing base having more than 400 formulations in various dosage forms in almost all categories be it Ayurvedic Medicines in the form of Tablets, Syrups, Capsules or Cream and Ointments or oils like Hair Oil or Body Massage Oil or beauty products like herbal bath soaps or herbal juices or growth products like Powders or Granules etc. 26 long years have passed and we at Bhrigu have passionately worked with the sole aim of providing Ayurvedic products of the highest quality. Ayurveda, as medicinal therapy, works on the principle of making people healthy with the help of things given to us by 'Mother Nature'. Balanced Dosha (humors), healthy Agni, a good state of tissues and their metabolic end products lead to a balanced state of the sense, mind and spirit, all of which lead to good health. Bhrigu Herbal has created its own research and development facility with a dedicated team of 10 doctors regularly working in a mission mode, researching and developing newer products with the objective of keeping human beings fit and healthy. As a result not only the products have increased but also the quality has improved. Bhrigu Herbal Pvt.
