Welcome to Blossoms Aroma Pvt. Ltd.

Blossoms Aroma is a Fragrance Manufacturing house based in India. We are a team of highly specialised fragrance creators who are passionately designing Industrial Fragrances for multi-purpose applications. We provide Fragrances, Essential Oils and Falvours for uses within multiple industries. Over the last 15 years, we have developed an enormous range of fragrances and essential oils. Our expertise within the industry combined with our skills, can help you in building some of the best products. Our carefully curated fragrances add value to your product by enhancing the sensorial experience. After catering to many companies and brands within different industries, we know your needs and are always willing to customise products according to your specifications. With our global client portfolio, our fragrances and essential oils meet the necessary International Standards of quality and Certifications. We always believe in providing quality, which has allowed us to make a mark in both the Internatinal and Domestic markets.
