Welcome to Cadila Pharmaceuticals Ltd.

Cadila Pharmaceuticals Ltd. is one of the largest privately held pharmaceutical companies in India. Over the past seven decades, we have been developing and manufacturing affordable medicines for patients around the world. Our innovation-led drug discovery processes ensure the health and well-being of people worldwide. Our enhanced investment in innovation and a strong track record in research and development have produced medical miracles that have changed lives and made a profound impact on real life. Being a care-focused, research-driven company, we are committed to complying with the highest ethical standards in clinical research and medical practice. We want to be valued not only for our pharmaceutical products but also for the way we

conduct our research and business activities. We lead our industry in demonstrating the application of cutting-edge research to ethical business practices in producing the alchemy of optimum health outcomes for all.
