Care Botanicals (Division Of Life Vision Healthcare)
Established in the year 2009, we “ Care Botanicals (Division Of Life Vision Healthcare)” are known as the foremost and reputed trader and wholesaler of an extensive array of Pharmaceutical Medicine. Our product range primarily includes Pharmaceutical Syrup and Pharmaceutical Suspension. These are extensively used for bodybuilding, vaccine preparations, and research. We use innovative technology and advanced machinery to treat these products in adherence to global quality standards. We are backed by a state-of-the-art infrastructural base, which is fully furnished with innovative technology and the needed quality testing unit that assists in delivering our product range within the

specified time frame.

Our infrastructure is capaciously developed and is divided into several departments. We are experts in delivering products; therefore, the use of these medicines makes no harm to the body and helps in curing the disease of the core. At the vendor's end, the latest machines and technically excellent equipment have been established in these departments that help in successfully achieving bulk demands of clients within the committed time frame. The skilled pharmacists, microbiologists, research scholars, and other experts of our team help us in the up-gradation and timely delivery of the products.

Under the able leadership of our mentor Mr. Gagandeep Singh, our organization has evolved by leaps and bounds. He maintains in-depth knowledge of the industry and contains vast experience also. His rich experience, keen knowledge of medicines, and effective leadership qualities has approved us to create a niche in the industry. His focus on the achievement of organizational ideas has achieved tremendous success in this domain.
