Welcome to CPR Labs

Established in 2017 March, CPR Labs is being steered by experienced professionals who are committed to providing the generic pharmaceutical industry with the important Indian advantage. Today, CPR Labs has gone on to serve the domestic as well as the international markets, including regulated ones, based on the premises of high quality, innovation, and compliance. CPR Labs aims at bringing affordability to excellence in healthcare solutions with its strong pharmaceutical development and manufacturing capabilities. The commitment to operational excellence ensures global standards with the flexible approach towards diverse clients' needs. CPR Labs is indeed a trusted partner for generic pharmaceuticals with the application of the India's edge for value-added services. It thrives on achieving long-term client relationships by transparency and reliability. CPR Labs has strong infrastructure and workforce to meet continuously changing requirements posed in the generic pharmaceutical industry. Innovative and forward-looking, this company aspires to lead the global healthcare landscape through its efforts and environmental sustainability. CPR Labs hence advances its interests toward offering significant solutions for the betterment of patients worldwide.
