Welcome to CRO Pharmatrendz Pvt. Ltd.

Established in 2017, CRO PHARMATRENDZ is a Clinical Research Service Provider organization, founded on values of precision, service and uncompromising quality. Leveraging extensive experience in pharmaceuticals, medical devices and healthcare, we offer clinical research services in all aspects of study design, set-up, monitoring, project management, data management, biostatistics and study conclusion. We work in multiple therapeutic areas, designing tailor-made studies for clients that include organizations of all sizes, from startups to some of the biggest international names in the industry. Everything we do is carried out in a global team environment, according to current ICH-GCP requirements, all applicable local and global laws and guidelines, and our own demanding Standard Operation Procedures, drawn up to ensure both quality and efficiency.
