Welcome to Doliosis Holistic Medicine and Foods Pvt Ltd

Established in 1997, Doliosis Holistic Medicine and Foods Private Limited is a manufacturing company set up to make the highest quality homeopathic remedies with state-of-the-art- technology. In Greek, DOL means pain and ISOS means similar. In light of the company's activities, the name Doliosis is appropriate since homeopathic treatment is based on the Law of Similars. In short, Doliosis means treating pain using the homeopathic law of similars. Doliosis aims to reinforce the international presence of Indian Homoeopathy and thus contribute to the development of Dr. Hahnemann's doctrine. It will be the constant endeavor of Doliosis to improve customer relationships through increasingly effective service.
