Welcome to Elion health care

Elion health care is formed as a diversified pharmaceutical company in India after a successful stint in US software industry, We feel this is a great opportunity to serve our motherland by serving human healthcare sector. Elion has more concern to human values than anything else. Elion is an ISO 9001:2008 Certified Pharmaceutical Company. Elion vision is to be the best in providing quality healthcare products and services towards a world of healthy and happy people. Elion aims to excel in our domain and be the best in the hearts of its customers and employees. Our goal is to have our own manufacturing unit with best in class R&D facility by 2017. Our goal is to become one in top 25 companies in india by 2020,by dealing all speacilities. We dedicate ourselves to adding exceptional value through the creation of innovative medical products and services for the benefit of the medical fraternity and human health around the world.
