Welcome to Empree Medicaments

With a commitment for improving the Quality of life of the sick and suffering, Empree Medicament stepped into healthcare field way back in 1984. Ever since then, total care has been the company's corporate philosophy. The same was converted into dream reality by setting up ultra modern plant at Pune-Bangalore Road, Belgaum, in the year 1991. Empree Medicament – THE WINDS OF PROGRESS. With a commitment for improving the quality formulations Empree Medicaments stepped into healthcare industry with an ultra modern factory meeting norms of W.H.O. G.M.P. At Empree, we believe that QUALITY and SPECIALISATION is a prime importance to sustain leadership position. Empree derives its strength from its people – A committed team comprising of professionals with vast experience in the field of pharma formulation, R & D, Quality Control and Marketing. Their expertise and tenacity are the cornerstone of Empree's success. Quality being the hallmark of Empree, a well equipped Quality Control Laboratory with modern sophisticated testing instruments was setup simultaneously. This along with complete section of Tablet, Capsule and Liquid boluses to meet the never ending demand of pharma industry has been set up by skilled team of professionals men and women creating synergy between man, machine and technology.
