Welcome To Ethix Healthcare

Ethix health care has continued to be a progressive, growth – oriented company that delivers high quality products and services to meet the rapidly evolving needs of India. We have expanded our reach in the market place through organic growth, smart strategic acquisitions and development of innovative joint venture partnerships.The main priorities include giving back to the communities in which we operate, sourcing with integrity and caring for the environment. Ethix has expanded into a group by involving in the franchise business. Ethix Industries started its franchising business having 10 own brands extended across India. We have franchise into Medicine, Ayurveda, Homeopathy, FMCG, Coffee, Fashion, Organic products, and Baby products.
