Welcome to Floressence Perfumes Pvt. Ltd.

Established in 2005, with a mission of producing and exporting the best of perfumes, deodorants and roll-ons throughout the world. Floressence falls under the 100% EOUs engaged at creating fragrances for the mass market and a high level of business with counties like the UAE. Largely focused on research and development, we have become the leaders when it comes to perfume manufacturers, fragrance manufacturers and perfume suppliers. Floressence is continuously upgrading its machinery and methods to keep up with the latest market trends and create a range of quality products. Our product range includes a distinct range of fragrances for men and women. Expanding over a diverse spectrum we cover multiple variants of iconic scents.
