## Welcome to GLS Pharma

GLS Pharma is an established, professionally managed pharmaceutical company launched by technocrats with extensive experience in the field of drugs & pharmaceuticals with an absolute focus on product quality and customer services. Within GLS, we are augmenting the value chain through total backward integration. We make 38 oncology APIs, thus GLS controls the cost without compromising the quality. A pharmacy and management postgraduate from BITS, Pilani, Mr Pathak has been in leadership positions in various leading Pharma companies in India during his 3 decade old experience in the industry. He was instrumental in the meteoric rise of Dabur Pharma in Branded generics and the Oncology segment (Dabur Pharma was No.1 onco formulations company in India till 2004), before the business was profitably hived off by the owners. Mr.Pathak's last assignment before starting his entrepreneurial venture was as Sr Vice President with ZydusCadila. Besides Zydus&Dabur, Mr. Pathak also spent sizeable time in MSD, Wockhardt and Win Medicare. He is credited with the launch of megabrands such as Corion, Betadine, Intexel, Ulgel, Decmax. He is currently the Founder and Director of GLS Pharma Ltd a rapidly progressing global oncology company.
