Welcome to Gurukul Ayurved Pharmacy

Gurukul Ayurved Pharmacy, previously known as Gurukul Mahavidyala Jwalapur Pharmacy, has been pioneering Ayurvedic healthcare since 1917. 100 years ago, it was started with the simple objective of ensuring that high quality product does not imply high cost. Thus, Swami Darshanand established this Pharmacy with the help of top scholars from Gurukul Mahavidyalaya, the number one Ayurvedic college of that time. T heir research, coupled with the experience of some of the most trusted and respected Vaidyas of India helped him make patented formulations for Gurukul and serve customers all over India. Since then, Gurukul has rose to become an acknowledged leader in ayurvedic formulations and manufactured products for leading herbal brands like Patanjali in the past and continues to do for brands like Sri Sri Ayurveda, Swabhuti Mission and a few others.
