Welcome to Harman Finochem Limited

Harman Finochem has 2 state-of-the-art manufacturing facilities that have been inspected by USFDA & WHO-GMP. Supported by a well qualified and strong technical team, the manufacturing facilities comply to cGMP requirement as per ICH Q7 A, with customized particle size options viz. Milling & Micronising. The in-house QC laboratories are equipped with sophisticated instruments to assure high quality standards of APIs. The company believes in quality by design and continuous improvement in all aspects of its operations. One of the largest producers of Metformin in the world
