Welcome to Health Pride

At Healthpride, we are strongly committed to quality and accuracy from the selection of raw materials to the commercialization process. We are using high-grade raw materials for producing our products sourced from trusted vendors only. Also, we are only adhering to those plants that use advanced engineering standards and the latest machinery for manufacturing our products. It is because of our quality standards, we can earn a good reputation in the domestic market.Each product we manufacture is well-tested for quality norms and standards as per market demands. Once our administration team assures the quality, the medicines are dispatched to the domestic market. Our entire range also encompasses Tablets, Oral Liquid, Dry Powder, Capsules, Injectables, Ointment, Eye & Ear Drops, and Ayurvedic Products. Manufactured as per WHO-GMP & ISO 9001 norms, these are assured to have high quality standards. We are committed to continually improving the effectiveness of the established quality management system (QMS) through continual training and development of people involved in the business lifecycle. We shall develop a culture of teamwork and motivate our employees for their full contribution through mutual appreciation, readiness for improvements and proactive action as well as taking responsibility for quality, health, safety and environment in their daily activities.
