Welcome to i16 Remedies

Established in the year 2020, “i16 Remedies”, has achieved tremendous growth as most efficient supplier of high quality and safe to use Pharmaceutical Products exclusively for Hair Related problems . We have gained huge appreciation and acceptance in the market because we believe in providing only genuine products that are prepared from lab examined chemicals. Thus with these prospects, our offered medicines are known for high effectiveness, precise formulation and excellent finishing. We have been widely appreciated by our clients as we provide the products which are really helpfull . We have provided improvised formulations which work on root cause of hair problems. Additionally we have made products very much potent by precise contents and solving many problems . We are a customer centric organization which can be clearly seen from the contents of our products . Our infrastructure consists of a huge area which also has dedicated facilities for R&D, pilot and commercial operations. We use latest and most advance technology to optimize our fully equipped infrastructure and wide distribution network, which helps use to provide top notch products to client at right time to suffice the anticipations of consumers.
