Welcome To Ishita Pharma

Ishita Pharma was established in the year 1998. We are Wholesaler, Trader, Exporter and Supplier of Life Saving Drugs, Human Vaccines, Pharmaceutical Capsules, Pharmaceutical Medicines and Oncology Drugs. Our specialization in distribution of vaccines in local and domestic market has awarded the firm as one of the topmost vaccine dealer in the country. With many years of pharma distribution experience and close contact with manufacturers has made us a distinguished supplier of entire range of generic products. With such characteristics, these drugs are approved by various eminent doctors, medical experts and pharmacists. These products are known for their purity, longer shelf life, effectiveness and minimum side effects.
