Welcome to Jenfer Biosciences Private Limited

Jenfer Biosciences (P) Ltd is a division of the fast-growing pharmaceutical company Pinarc Life Science. The word Jenfer signifies compassionate love for humanity or the world as a whole, and the organization truly carries this compassionate vision for humanity.

The company aims to provide high-quality pharmaceutical products at affordable prices that enhance the quality of life and deliver exceptional value to all business associates. Guided by the philosophy of gentle care, as reflected in its logo, the company focuses on ethical practices and transparent business processes.

This ethical approach has helped in building a strong clientele across the domestic market. The company aspires to expand its business across India and is already operating in multiple states.

Product Portfolio

Jenfer Biosciences (P) Ltd offers a comprehensive range of pharmaceutical formulations manufactured as per GMP norms and prescribed by the medical fraternity for the treatment of various ailments.

The product portfolio covers major therapeutic segments and includes tablets, dispersible tablets,

capsules, soft gelatin capsules, sustained release formulations, oral liquids, external liquids, suspensions, dry syrups, drops, liquid injections, dry powder injections, ointments, creams, gels, protein powders, and ayurvedic formulations.

All products are widely appreciated for accurate composition and high standards of safety and efficacy.

Advantages

Jenfer Biosciences (P) Ltd has trained personnel to efficiently serve and fulfill customer requirements with complete satisfaction. The company is supported by large warehousing facilities to store and supply finished products with built-in efficiency systems.

The organization's strength lies in continuous market analysis and the study of evolving health conditions and business opportunities. Strategic insights into new product launches and advanced dosage forms have consistently given the company a competitive edge.

The company assures timely delivery of products for every order.

Quality

The company is deeply committed to excellence and quality. With robust quality control systems in place, Jenfer Biosciences (P) Ltd is accredited with ISO 9001:2008 certification.

All products are manufactured as per WHO-GMP norms, ensuring high quality standards. The company also offers DCGI-approved products.

Prices

The pricing structure is among the most economical in the franchise market and follows a transparent policy. Prices remain consistent for all customers and do not vary from one client to another.

For bulk purchases, special schemes and discounts are considered.

Payments

The company encourages full payment in advance.
