## Welcome to KARVY THERAPEUTICS PVT. LTD.

KARVY THERAPEUTICS PVT. LTD. was established in 1989 with a few intrepid people to throw in their lot and a modest beginning as manufacturer of Drugs, Drug intermediates, Fine Chemicals & Specialty Chemicals. Over a 2 decade Karvy has acquired a reputation that enjoys the trust and confidence from indigenous as well as internationally respected leaders in chemical industry. This could be achieved as we continuously strive to enhance our reputation as manufacturer and suppliers of high quality products of Indian and global chemical market with highest ethical and professional standards. The predominance of base chemicals is gradually changing. Karvy is concentrating is increasingly on diversification, turning towards fine chemicals and drug intermediates of forth coming generation, that are less sensitive to cyclic trends and have higher added value in general.
