Welcome To Kolaz Biotech Pvt. Ltd.

Running with an objective to enhance the health standard of the country, we “Kolaz Biotech Pvt. Ltd.” are actively committed towards manufacturing, trading and supplying a quality assured grade of Pharmaceutical Tablet, Pharmaceutical Capsule, Pharmaceutical Syrup and Pharmaceutical Injection. These pharmaceutical products are highly acclaimed in medical sector for treating a variety of diseases. Since our inception in 2000, we have been fulfilling the demands of these pharmaceutical products across the market in an efficient manner. In order to process these medicines with high effectiveness, we make use of high grade chemical compounds while processing. We pack these high grade pharmaceutical products in tamper proof and air tight packaging material to assure hassle free delivery at clients' end. Our offered medicines are widely consumed by our clients owing to their long shelf life, precise composition, high effectiveness, safe consumption, quick action, zero side-effect and hygienic packing. We have set up a facility enriched infrastructure at Ambala (India) that is segregated into various divisions for smooth functioning of the entire production process. We have installed all these divisions with ultra-modern tools & machinery that facilitate fast and bulk preparation of these pharmaceutical products. We have another team who pack these products using high grade packaging material and place them in a hygienic environment. We assure for the quality of our pharmaceutical products as these are rigorously tested before final packaging and delivery. All our offered pharmaceutical products are in line with the medical industry standards and assure quick and effective results. Owing to our transparent business policies and client centric approaches, we have

been able to win the trust of our clients. Under the fruitful guidance of our mentor “Mr. Ajay Bhardwaj” (Managing Director), we have reached at the zenith of success in the industry. High vision and work experience is enough to recognize the changing demands of the market and provide pharmaceutical products accordingly.
