Welcome to LINUX LABORATORIES PVT LTD

LINUX Business, at LINUX we work hard to make sure we do the right things, the right way—The Linux Way—with an agility and transparency befitting our organisation. At LINUX we focus in providing good health affordable and accessible to the marginalized communities and society at large. With active and dedicated fieldwork, and recognition for the efforts of those who work behind the scenes to combat illness and disease, we try to help as many people as we can to ensure their right to good health. Health, Education, Water, Livelihood, Environment, Disaster and Pandemic relief are some of our key priorities in the area of corporate social responsibility (CSR).
