Welcome to Logimed Pharma Private Limited

We 'Logimed Pharma Private Limited' which is a Private Limited Company that began operations in 2013 are seeking to engage potential clients in the supply of the best quality pharmaceutical products. In light of this, our target customers should include Procurers and wholesalers looking out for quality pharmaceutical injectables, ointments, tablets and gel manufactured in reputable facilities Our products are widely utilized within the medical industry and are known for their pureness & functionality. Such products are supplied at affordable prices and within the agreed time spans. To ensure efficient management and supervision across the organization, the firm has divided its structure into distinct key departments which include quality control, manufacturing, packaging and administration, warehousing, research and development, as well as marketing and sales. Aiming to provide a highly effective range of medicines, we have hired nimble professionals as they are familiar with modern-day production processes and machines. For us, these units work in the most dedicated and unified way possible, assisting us in reaching our production goals. A couple of years ago, a quality control department was set up and it examines any batch of pharmaceutical products for various factors to ensure that they are safe and effective. As a courtesy to our mentor, “Mr. Vinay Chadha,” we have acquired many clients from all over the country. His distinct ability to coordinate within a given market, make strategic choices, control and motivate has indeed made our journey to the attainment of success much smoother.
