Welcome to Madhur Pharma and Research Laboratories

Madhur Pharma's roots are half-century old, originating from a family-owned enterprise of Ayurvedic practitioners serving India's healthcare industry with various high-quality products and services. Dr. Deepak Joshi, who's a renowned Radiologist and Pulmonologist with avid interest in Herbal medicine, had established Madhur Pharma & Research Laboratories in 1986 along with a dedicated team of doctors to revive the Ayurvedic traditions and create high-quality health supplements and personal care products.
