Welcome to Mahalasa Medical Technology

Mahalasa Medical Technology Is a company engaged in the manufacture of indigenous bio-medical equipments and accessories, used in high-tech sophisticated zones like Operation Theaters and ICUs of a hospital or a Nursing home. These equipments that are indigenously manufactured are on par with equipments of International standards, and are designed to suit every specific requirement of the user. The company was accredited with ISO 9001-2008 for the scope ‘Design Assembly and Supply of Medical Equipments and accessories for Operation Theatre and Intensive Care facilities’ on 21st December 2010. With an enviable vision of making India stand in the global medical pantheon, our team is continues its unprecedented journey and empowering surgeons to ensure that ‘surgeries just cut problems, never corners’.
