Welcome to Medinova Biosciences

Recognised as a top name in the pharmaceutical industry, Medinova Biosciences is a leading pharmaceutical manufacturing company in India located in Plot No. 315 in the Industrial Area, Phase 2, Chandigarh. We at Medinoba Biosciences are considered a prominent player in the sector for your production and distribution of top-notch quality products. We are dedicated to meeting the most elevated and highest quality standards in the pharmaceutical manufacturing industry. Established with a vision to improve health and wellness, we at Medinoba Biosciences have a vast variety of high-end formulations in the forms of tablets, capsules, injectables, capsules, soft gelatin capsules, ointments, both beta-lactams and non-beta lactam formulations.

Each solution we manufacture undergoes strict quality assessments to ensure it meets international regulations and strict high standards. Our diverse range of quality solutions are produced to address diverse healthcare requirements that include from over-the-counter medicines to specialised and innovative solutions. Manufactured by state-of-the-art production facilities which are equipped with modern pieces of equipment, under the supervision of pro pharma experts ensure that every solution is of high quality, safe for use and effective in nature.

Our dedication towards healthcare and well-being helps us a lot in maintaining our high-quality standards and massive customer-centric approach. Healthcare professionals across the nation highly prescribe our products because of their safety and regulatory standards, as well as our products have

a massive demand among patients alike for their affordability and effectiveness, making us a highly recognised identity. With our high-end solutions approved by regulatory organisations, we have a strong hold over international standards.
