Welcome To Medix Biocare

One of the first things that comes to the mind of a consumer, while buying prescription drugs and medicines is, whether or not will it alleviate his condition or about the possibility of a side effect, which is more often than not a fault of formulation process. It is noteworthy that a chemical compound or a formula, which has not been comprehensively tested or is contaminated with chemical fillers and additives, as a cost cutting measure for unethical gains, often results in significant health panic. Established in 2012, Medix Biocare is a trusted name in the domain, for providing quality certified pharmaceutical chemical compounds and formulas, that do not pose any health hazards, and fabricated with quality and utmost effectiveness in mind. Based in Delhi, we are a noted Manufacturer, Supplier, Trader and Exporter of the aforementioned category of products that include but are not limited to Pharmaceutical Formulations, Pharmaceutical Medicines, Antibiotics, Capsules, Tablets and Syrups.
