Welcome To Milstein Pharma (Group of Companies)

The effectiveness of pharmaceuticals served by Milstein Pharma speak well about our quality consciousness. We are by nature a quality-conscious manufacturer, wholesaler and trader. We are well-aware of the fact that in pharmaceuticals, effectiveness is considered as the best consideration by customers. So, we make effective pharmaceutical products and meet the needs of modern buyers. We produce Green Tea Extract Softgel Capsules, Hydroquinone Cream, Liver And Digestive Care Syrup and other pharmaceutical products, and support in the well-being of people. In our product line, we have pharmaceuticals in the form of capsule, syrup, tablet and ointment.Serving various forms of pharmaceuticals make us eligible to meet demands of diverse customers. Ingredients of best grade are used to make highly effective pharmaceutical products. Association with companies having long-standing prove us beneficial as from them we source high quality ingredients. Quality production of pharmaceuticals is the result of not only quality ingredients but our modern production methods and skill of researchers and developers. Production and R&D team works in coordination to better the formulation of products and serve for the well-being of massesSafety is one such factor that is important to maintain in both production and packaging so we at Milstein Pharma ensure the same by indulging in hygienic production as well as packaging of pharmaceutical products. Our company meets safety and quality standards of the governing bodies.In the department of production and packaging, led by experts, safety is ensured by all team members. No contact is made directly with hands by any our expert because we believe that maintaining hygiene is crucial in maintaining effectiveness. Also, packaging is done using pharmaceuticals packaging machines. The machines are

cleaned on a regular basis to avoid chances of bacteria spoiling our effective range. Pharmaceutical grade blister packs, plastic bottles, and other packaging materials are used to ensure safe storage of all pharmaceuticals.
