Welcome To MK Healthcare

MK healthcare is a pharmaceutical company engaged in the manufacturing of drug formulations covering virtually every therapeutic segment. With a glorious history of almost 10 years in the pharmaceutical industry, we have come a long way since the setting up of our first manufacturing facility in 1996. We are a Pharmaceutical company focusing entirely on the Contract Manufacturing of medicines for Pharma marketing companies across India. We are one of the most professionally managed companies engaged in Pharma Third Party Manufacturing in Baddi area of Himachal Pradesh and Chandigarh. We are a quality conscious, customer centric and technology driven organization whose only focus is to manufacture high-quality drugs for our customers so that they can in turn focus solely on the marketing aspect of their business. And while doing this, we never forget to remain responsive and flexible to the changing needs of our customers resulted by the changing trends and evolution of the marketplace. Because being a veteran in this field for two decades, we have seen various molecules getting introduced, completing their life cycle and then getting replaced by newer molecules. Having seen it all, we very well understand that change is the only constant in this highly sophisticated and knowledge-based Pharmaceutical industry. Therefore we continuously strive to keep pace with the latest requirements of this field by adopting new technologies, investing in research activities and introducing new molecules.
