Welcome To Navcure (Unit Of Stellar Bio Labs)

NAVCURE - A Pharmaceutical Company (A Division Of SBL) came into being in the year 2009 and carved a niche as the leading manufacturer, supplier, trader & distributor of Pharmaceutical Drug. Our product range includes Pharmaceutical Tablets, Pharmaceutical Capsules & Pharmaceutical Injection. We are also the service provider of Pharma PCD. Our products are hygienically formulated and are free from the side effects. Features which make our range different from others are highly effective, no side effects, accurate chemical composition. Our teams of pharmacists are highly experienced and ensure that the products are formulated as per the prescribed formulations. Our professionals are highly experienced and well aware of their

duties and responsibilities. Apart of pharmacists our packaging staff, R & D personnel and other supporting staff ensure that their efforts contribute to the smooth functioning of an organization. We own a spacious and well equipped infrastructural unit, where products are formulated in an appropriate manner. We highly take care of the hygiene factor of the products and make sure that the products are not only formulated but also packed hygienically. Our experts make sure that the best medicines with quick relief and no side effects are delivered to the clients. Our belief is to deliver the high quality products in the market with no flaws. As quality plays a major role in determining the survival of an organization in industry. Hence we ensure that the quality aspects of our range are not ignored and customers are served in most desirable manner. Products offered by us are delivered in timely manner and clients can easily make payment through various payment options provided by us.
