Welcome To NOVUS LIFE SCIENCES

Novus is the end product of three generations of hard work in the pharmaceutical industry. Since its inception in 1976, Novus and its group companies have been involved in developing a growing portfolio of best-in-class pharmaceutical formulations in the health care arena. Novus has a vision of providing quality and affordable products to the society. The medicines manufactured by us are marketed across the globe via our soundly connected marketing and distribution network. Various institutions like hospitals, pharmacies, chemists, pharmaceutical wholesalers, health organizations, medical centers, etc. source our products at competitive prices. Novus is constantly growing its portfolio of in-licensed products and offers its full range of Pharma

products on PCD and Pharma franchise basis for district wise monopoly rights.
